Ask someone how you can help.** These shoots provide revenue for improvements to our club (Club Renovation, etc.) and **help keep prices down.** The ATA shoots DO benefit you – the member.

- **Membership Meeting** – We have a meeting coming up on Tuesday the 6th of July, it would be nice to have more members attend if possible. The club has a lot of challenges ahead of it the next year. Remember this is your club.
- **Lead Reclamation**—The club has contracted with a company called Second Life Lead to reclaim the lead that lays out in front of our trap house's. Right now we are scheduled to have a public hearing and if there are no objections at this hearing you should start to notice some work going on out beyond our trap house's. The club will make some money from this and the money will be used for paying off the cost of the club house addition.

Sincerely,

Joe Kostyn
